Specialty

AutoSmart's specialty cleaners are tailored to tackle specific challenges where standard cleaners might fall short. Our unique formulations are effective for a variety of tough cleaning situations, ensuring superior results. Whether you need to remove stubborn stains, grease, or contaminants, our specialty cleaners deliver the performance you can rely on for all your cleaning needs.

CONGO

AVAILABLE SIZES
5L, 20L, 200L

Congo is a safe and effective product for removing concrete, cement, grout, quarry dust and limescale.

- Suitable for safe removal on expensive or delicate equipment.
- Safer alternative to Hydrochloric acid.
- Safe on a wide range of surfaces, such as paint, switches, dials, rubber and metals.

GRAFFITI ELIMINATOR

AVAILABLE SIZES
1L, 5L, 20L

Graffiti Eliminator is a water-based solvent-free graffiti remover.

- Designed to safely remove graffiti, pen and texter marks from delicate surfaces.
- Graffiti Eliminator emulsifies with water providing easy rinsing, preventing paint redispersion.

SPATECH (ANTI-SPATTER)

AVAILABLE SIZES
5L, 20L

Anti-Spatter coating for welders.

- Protects surfaces from spatter during the welding process.
- Low Odour.

TREBLE X

AVAILABLE SIZES
5L, 20L, 200L, 1000L

An acid cleaner, designed for removing concrete or calcium deposits from paintwork.

- Treble X is an efficient de-scaler for pressure washers.
- Used to etch, prime bare concrete prior to painting or sealing to ensure a good bond.
