Traffic Film Removers

AutoSmart's Traffic Film Removers (TFRs) are efficient, quick-dispensing detergents designed for use with foamers and spray lances, ideal for large vehicles and machinery. They offer specialised formulations for various niche markets, including snow foams that cling to surfaces for thorough cleaning.

ACTIVE MOUSSE

AVAILABLE SIZES
5L, 20L, 200L, 1000L

Premium strength high foaming TFR specialised for cleaning trucks, buses, agricultural and heavy industrial machinery.

- Contains foam stabilizers, designed to increase foam cling and dwell time.
- Clings to a vehicle surface for up to 10 minutes.
- Active Mousse it is highly effective at dissolving bug squash and removing heavy traffic films.
- Perfect for all exterior vehicle cleaning.

PRODUCT STRENGTH

ACTIVE XL

AVAILABLE SIZES
5L, 20L, 200L, 1000L

Active XL is an advanced bi-ionic TFR specialised for all exterior vehicle cleaning, service wash and fleet maintenance applications.

- Advanced bi-ionic TFR effective at dissolving a broad range of contaminants and dirt types. Highly effective at dissolving bug squash and removing heavy traffic films.
- Contains 'traffi wax' making it quick to rinse and easy to dry.

PRODUCT STRENGTH

ENVIRO-WASH

AVAILABLE SIZES
5L, 20L, 200L, 1000L

A mild low alkaline TFR designed to safely remove common traffic films.

- Non-marking to brightwork and exterior plastic trims when used as directed.
- Perfect for all exterior vehicle cleaning, service wash and fleet maintenance applications.

PRODUCT STRENGTH

PRESTIGE XLS

AVAILABLE SIZES
5L, 20L, 200L, 1000L

A surface safe low alkaline TFR containing 'traffi wax' designed to clean, add shine, and protect paintwork.

- Prestige XLS is highly effective at dissolving bug squash.
- Surface safe, Prestige XLS will not mark brightwork, including polished aluminum or chrome.
- Perfect for cleaning all vehicle types, Prestige XLS is particularly suited for service washing and truck washing.
- Contains 'traffi wax' making it easy to rinse and dry.

PRODUCT STRENGTH

SNOW FOAM PRO

AVAILABLE SIZES
5L, 20L, 200L, 1000L

pH balanced Snow Foam Pro, perfect for all exterior vehicle cleaning applications.

- Snow Foam Pro features next-generation stable micro-foam technology.
- Snow Foam Pro's small bubble size means a denser long dwelling blanket of soft white foam.
- Clings to a vertical wall for 10 minutes.
- Will not remove wax and is safe for use on ceramic coatings.

PRODUCT STRENGTH

TRUCKWASH 39

AVAILABLE SIZES
5L, 20L, 200L, 1000L

Premium strength surface safe low alkaline TFR containing 'traffi wax' designed to clean, add shine, and protect paintwork.

- Highly effective at dissolving bug squash, and heavy traffic films.
- Surface safe, will not mark brightwork, including polished aluminum or chrome.
- Perfect for all exterior vehicle cleaning.
- Particularly suited for washing trucks and vehicles with brightwork.
- Contains 'traffi wax' making it quick to rinse and easy to dry.

PRODUCT STRENGTH

WASHSMART ALKALINE PRE-SOAK

AVAILABLE SIZES
5L, 20L, 200L, 1000L

Concentrated alkaline TFR detergent.

- Designed to loosen dirt, bug squash, and lift stubborn traffic films.
- Ideally used as an alkaline pre-soak and brush lubricant in automatic vehicle wash applications.

PRODUCT STRENGTH

TRUCKSTEAM

AVAILABLE SIZES
5L, 20L, 200L, 1000L

Versatile high alkaline TFR with a powerful formulation which cuts through heavy road grime, dirt, grease and oil.

- Suitable for cleaning all vehicle types.
- Specialised for chassis rails, side curtains, engines, and truck underbodies.
- Ideally suited for truck maintenance, agricultural and heavy industrial machinery.
- Contains 'traffi wax' making it quick to rinse and easy to dry.

PRODUCT STRENGTH

TRUCKWASH 66

AVAILABLE SIZES
5L, 20L, 200L, 1000L

Premium strength high alkaline TFR designed with tough cleaning power for removing grease and heavy traffic films.

- TW66 is suitable for cleaning all vehicle types.
- Specialised for degreasing chassis rails, side curtains, engines, and truck under bodies.
- Ideally suited for truck maintenance, agricultural and heavy industrial machinery.
- Contains 'traffi wax' making it easy to rinse and dry.

CONTAINER SIZES

Vehicle Wash Detergents

AutoSmart offers a comprehensive range of vehicle wash detergents, from pH-neutral shampoos to heavy-duty truck washes, designed to meet the diverse needs of various industries and deliver exceptional cleaning performance for both manual and automatic systems.

CARNAUBA SHIELD

AVAILABLE SIZES
5L, 20L, 200L, 1000L

pH neutral berry fragrant wash and wax shampoo containing carnauba wax.

- Low viscosity, ideal for application through a venturi foamer.
- High gloss wax for premium shine and protection.
- Easy to rinse and quick to dry.
- A mild detergent suitable for use in all automotive industries.

PRODUCT STRENGTH

CARNAUBA SHIELD PLUS

AVAILABLE SIZES
5L, 20L, 200L, 1000L

Hyper concentrated pH neutral berry fragrant wash and wax shampoo containing carnauba wax.

- High gloss wax for premium shine and protection.
- Easy to rinse and quick to dry.
- Highly dilutable mild strength detergent suitable for use in all automotive industries.

PRODUCT STRENGTH

CERAMIC SHAMPOO

AVAILABLE SIZES
5L, 20L, 200L, 1000L

pH Neutral Shampoo infused with silicon dioxide SiO2.

- High gloss polymer for premium shine and protection.
- Easy to rinse and quick to dry.
- Highly dilutable mild strength detergent suitable for use in all automotive industries
- Contains Silicone.

PRODUCT STRENGTH

CONCENTRATED FLEET SHAMPOO

AVAILABLE SIZES
5L, 20L, 200L, 1000L

A heavy-duty vehicle shampoo with tough cleaning power for all exterior vehicle cleaning.

- High gloss wax for premium shine and protection.
- Easy to rinse and quick to dry.
- Highly dilutable mid strength detergent suitable for use in all automotive industries.

PRODUCT STRENGTH

HYBRID SHAMPOO

AVAILABLE SIZES
5L, 20L, 200L, 1000L

Ceramic safe pH neutral, wax free vehicle shampoo with a pleasant apple fragrance.

- Ceramic safe wash.
- Designed for vehicles applied with ceramic paint protection.

PRODUCT STRENGTH

DUET PLUS

AVAILABLE SIZES
5L, 20L, 200L, 1000L

pH neutral raspberry fragranced wax wash shampoo with dual wax protection.

- Contains both a natural carnauba wax and synthetic wax polymer.
- Strong cleaning action.
- High gloss wax for premium shine and protection.
- Duet Plus is ideal for one-step car preparation.

PRODUCT STRENGTH

SUPER GOLD HD

AVAILABLE SIZES
5L, 20L, 200L, 1000L

A heavy-duty vehicle shampoo with tough cleaning power for all exterior vehicle cleaning.

- Removes heavy traffic film and bug residues.
- Particularly suited for service washing, trucks and fleet washing applications.
- Highly dilutable.

PRODUCT STRENGTH

PREMIUM PURPLE WASH AND WAX

AVAILABLE SIZES
5L, 20L, 200L, 1000L

Hyper concentrated, low pH premium wash and wax with a pleasant grape bubble-gum fragrance.

- Slightly acidic pH ~5.5.
- Premium Purple Wash Wax is ideal for sensitive skin.
- Ideal for removal of salt build up in marine industry applications.
- Suitable for use in all automotive industries.

PRODUCT STRENGTH

TIGER PLUS

AVAILABLE SIZES
5L, 20L, 200L, 1000L

A premium high strength non-caustic truck wash shampoo.

- Powerful formulation which cuts through heavy road grime, dirt, grease and oil.
- Will not mark brightwork or fade paintwork over time.
- Suitable for use in all automotive industries.
- Ideal for truck wash maintenance or for the professional wanting more cleaning power from their shampoo.

CONTAINER SIZES

Cleaners and Degreasers: Solvent Based

AutoSmart's solvent-based cleaners and degreasers effectively remove tough grease, oil, and tar, with "High Flash" formulations designed for safety in industrial and commercial environments. These solutions ensure powerful cleaning while minimizing flammability risks.

CITRATECH

AVAILABLE SIZES
5L, 20L, 200L, 1000L

Citrus based, non-flammable solvent cleaner and degreaser.

- For the removal of heavy deposits such as tree sap, tar, bitumen, grease, oils, and adhesives.
- Citratech greatly reduces the potential of combustion around ignition sources.
- Will not affect painted surfaces, plastic trim, and rubbers.
- Contains D-Limonene.

PRODUCT STRENGTH

HIGH FLASH PLUS 10

AVAILABLE SIZES
5L, 20L, 200L, 1000L

High strength, non-flammable solvent cleaner and degreaser.

- For the removal of heavy deposits such as tree sap, tar, bitumen, grease, oils, and adhesives.
- High Flash Plus 10 greatly reduces the potential of combustion around ignition sources.
- Contains rust inhibitors and will not affect painted surfaces, plastic trim or rubbers.

PRODUCT STRENGTH

PLUS 10

AVAILABLE SIZES
5L, 20L, 200L, 1000L

A high strength hydrocarbon solvent-based degreaser.

- Rapidly dissolves heavy deposits of tree sap, tar, bitumen, grease, oils, and adhesives.
- Will not affect painted surfaces, plastic trim, and rubbers.
- Plus 10 contains rust inhibitors.

PRODUCT STRENGTH

PREPWASH

AVAILABLE SIZES
5L, 20L, 200L, 1000L

A multi-purpose hydrocarbon solvent-based cleaner.

- Rapidly dissolves silicone runs, sap, tar, bitumen, grease, oils, adhesives.
- Ideal for spot cleaning and removing hydrocarbon travel wax residues.

PRODUCT STRENGTH

TARDIS

AVAILABLE SIZES
5L, 20L, 200L, 1000L

A strong fast-acting hydrocarbon solvent-based tar and glue remover.

- Rapidly dissolves bitumen, glue residues, tree sap, and oil-based contaminants.
- Tardis will not affect painted surfaces, plastic trim or rubbers.

PRODUCT STRENGTH

WAX ATTACK

AVAILABLE SIZES
5L, 20L, 200L, 1000L

A hydrocarbon solvent-based degreaser.

- Dissolves heavy deposits of tree sap, tar, bitumen, grease, oils, and adhesives.
- Will not affect painted surfaces, plastic trim or rubbers.
- Can be used as a parts washer fluid.
- Wax Attack contains rust inhibitors.

PRODUCT STRENGTH

CONTAINER SIZES

Cleaners and Degreasers: Water Based

AutoSmart's water-based cleaners and degreasers provide cost-efficient, powerful cleaning while being environmentally friendly, highly effective at dissolving a wide range of traffic films and contaminants, ideal for all exterior cleaning applications.

BLACK STEAM

AVAILABLE SIZES
5L, 20L, 200L, 1000L

A high strength alkaline degreaser and wheel cleaner.

- Black Steam is ideally used as a non-acid wheel cleaner.
- High strength pre-spray for contaminated areas on vehicles.
- Highly effective at removing bug squash.
- Removes heavy traffic film found on the lower side skirts and rear of vehicles.

PRODUCT STRENGTH

BLAST OFF

AVAILABLE SIZES
5L, 20L, 200L, 1000L

A medium-duty multi-purpose cleaner and degreaser with a pleasant citrus fragrance.

- Ideally used for pre-spraying highly contaminated areas on the vehicle.
- High effective at removing bug squash.
- Removes heavy traffic film found on the lower side skirts and rear of the vehicle.
- Blast Off is effective at dissolving baked on grease and oil from wheel arches and chassis rails.

PRODUCT STRENGTH

CITRUS 101

AVAILABLE SIZES
5L, 20L, 200L, 1000L

A premium strength multi-purpose cleaner and degreaser, with a pleasant citrus fragrance.

- Ideal for applying to heavily soiled areas before washing.
- Effective in lifting bug stains.
- Cleans stubborn road film on lower skirts and the back of the vehicle.
- Suitable for detailing door jambs.

PRODUCT STRENGTH

DEGREASER HD

AVAILABLE SIZES
5L, 20L, 200L, 1000L

A medium-duty degreaser and vehicle wash detergent.

- Use as a pre-spray on heavily soiled vehicles.
- Highly effective for cleaning all heavily contaminated exterior areas including wheels and wheel arches.
- Highly effective detergent for removing bugs on the front grill, dirt from lower side skirts and rear of the vehicle.

PRODUCT STRENGTH

ENVIRO CLEAN

AVAILABLE SIZES
5L, 20L, 200L, 1000L

Enviro Clean is a low hazard low alkaline multi-purpose cleaner.

- Excellent for pre-treating areas on the vehicle with heavy contamination.
- Works well to remove bug splatters.
- Clears tough traffic grime from lower panels and the rear of the vehicle.
- Great for cleaning door jambs.

PRODUCT STRENGTH

G101

AVAILABLE SIZES
5L, 20L, 200L, 1000L

A premium strength multi-purpose cleaner and degreaser, with a pleasant lemon lime fragrance.

- Best used to pre-spray heavily contaminated vehicle surfaces.
- Excellent at eliminating bug marks.
- Breaks down tough traffic film from lower side areas and rear panels.
- Ideal for cleaning door jambs effectively.

PRODUCT STRENGTH

JET DEGREASER

AVAILABLE SIZES
5L, 20L, 200L, 1000L

Low hazard high strength low-caustic degreaser.

- Jet Degreaser is an excellent exterior cleaner for ATV's.
- Will not mark exterior plastic trims, rubbers or paintwork when used as directed.
- Jet Degreaser is ideal for companies who are conscientious about worker health & safety.
- Ideally used for pre-spraying highly contaminated areas on the vehicle.

PRODUCT STRENGTH

PREDATOR

AVAILABLE SIZES
5L, 20L, 200L, 1000L

A fast-acting heavy-duty degreaser and vehicle wash detergent.

- Ideally used for pre-spraying highly contaminated areas on the vehicle.
- Highly effective for cleaning all heavily contaminated exterior areas including wheels and wheel arches.
- Highly effective detergent for removing bugs on the front grill, dirt from lower side skirts and rear of the vehicle.

PRODUCT STRENGTH

TRIPLE

AVAILABLE SIZES
5L, 20L, 200L, 1000L

Versatile premium strength heavy-duty degreaser and sanitiser.

- Contains a Biocidal agent for sanitising and cleaning food transport vehicles.
- Removes food-based contaminants and animal fats.
- Effective degreaser for the heavy vehicle, heavy machinery, and transport industries.
- Triple is excellent for cleaning PVC side curtains on trucks.

PRODUCT STRENGTH

WHEEL KING

AVAILABLE SIZES
5L, 20L, 200L, 1000L

Wheel King is a high foaming, powerful acid-free wheel cleaner and degreaser.

- Designed for touch free wheel cleaning.
- Effective degreaser for the heavy vehicle, heavy machinery, and transport industries.
- Removes heavy traffic film found on the lower side skirts and rear of the vehicle.

PRODUCT STRENGTH

JET MPC

AVAILABLE SIZES
5L, 20L, 200L, 1000L

A low hazard medium strength multi-purpose cleaner containing a pleasant mint fragrance.

- When used as directed Jet MPC will not mark brightwork.
- Ideal for removing bug squash from trucks with high polished aluminum bars.
- Jet MPC is ideal for companies that require a non-damaging multipurpose cleaner.

PRODUCT STRENGTH

SMART STEAM

AVAILABLE SIZES
5L, 20L, 200L, 1000L

High strength high alkaline degreaser and TFR.

- Smart Steam is highly effective at cleaning heavily contaminated vehicles,
- Particularly suited for trucks, buses, agricultural and heavy industrial machinery.
- Removes heavy traffic film found on the lower side skirts and rear of the vehicle.

PRODUCT STRENGTH

TRUCKSTEAM

AVAILABLE SIZES
5L, 20L, 200L, 1000L

Versatile high strength TFR and degreaser.

- TruckSteam is highly effective at cleaning heavily contaminated vehicles.
- Particularly suited for trucks, buses, agricultural and heavy industrial machinery.
- Removes heavy traffic film found on the lower side skirts and rear of the vehicle.

CONTAINER SIZES

Dewaxers

AutoSmart's dewaxers efficiently remove both hard and soft waxes, with water-based solutions for hard waxes and solvent-based options for soft waxes, ensuring effective cleaning without damaging surfaces.

G101

AVAILABLE SIZES
5L, 20L, 200L, 1000L

Water-based dewaxer effective at removing copolymer hard wax.

- Ideally dispensed using a venturi within the water output from a hot pressure washer.
- G101 has proven effective for dewaxing applications on co-polymer hard wax removal.

PRODUCT STRENGTH

HIGH FLASH PLUS 10

AVAILABLE SIZES
5L, 20L, 200L, 1000L

High strength, non-flammable solvent degreaser and hydrocarbon (soft) wax remover.

- Safe and effective removal of heavy deposits such as tree sap, tar, bitumen, grease, oils, and adhesives.
- High Flash Plus 10 greatly reduces the potential of combustion around ignition sources.

PRODUCT STRENGTH

PLUS 10

AVAILABLE SIZES
5L, 20L, 200L, 1000L

A high strength solvent-based dewaxer formulated for dissolving hydrocarbon (soft) wax.

- Plus 10 contains rust inhibitors.
- Will not affect painted surfaces, plastic trim, or rubbers.
- Easy rinsing, emulsifies with water.

PRODUCT STRENGTH

SAFE T STRIP

AVAILABLE SIZES
5L, 20L, 200L, 1000L

Extremely effective water-based co-polymer hard wax remover.

- Ideally dispensed using a venturi within the water output from a hot pressure washer.
- Will not harm paintwork, trim, or glass.
- Safe T Strip easily dissolves copolymer travel waxes used for vehicle transport protection.

PRODUCT STRENGTH

TWR STEAM

AVAILABLE SIZES
5L, 20L, 200L, 1000L

Non-flammable, slow evaporating solvent-based hydrocarbon soft wax remover.

- Ideally dispensed using a venturi within the water output from a hot pressure washer.
- TWR Steam easily dissolves hydrocarbon soft waxes used for vehicle transport protection.
- TWR Steam's high flash point greatly reduces the potential of combustion around ignition sources.

PRODUCT STRENGTH

WAX ATTACK

AVAILABLE SIZES
5L, 20L, 200L, 1000L

A hydrocarbon solvent-based dewaxer formulated for dissolving hydrocarbon soft wax.

- Wax Attack contains rust inhibitors.
- Will not affect painted surfaces, plastic trim, and rubbers.
- Easy rinsing, emulsifies with water.

Specialty Exterior Cleaners: Metal Fallout Removers

AutoSmart’s specialty exterior cleaners are designed to effectively remove metal-based fallout from all exterior surfaces, offering tailored solutions for diverse vehicle cleaning needs.

FALLOUT REMOVER

AVAILABLE SIZES
5L, 20L, 200L, 1000L

An organic acid-based fallout remover.

- Rapidly dissolves metal-based fallout from vehicle exterior surfaces.
- Fallout Remover is safe on paint, plastic trims, and glass.

RED 7

AVAILABLE SIZES
5L, 20L, 200L, 1000L

Red 7 is a pH neutral fallout remover.

- Rapidly dissolves metal-based fallout from the exterior vehicle surfaces.
- Red 7 oxidises the metal deposits turning purple, acting as a performance indicator.
- Red 7 is safe for all surfaces including paint, rubber, plastic, aluminum, polished alloy, and carbon fiber.
- Safe and non-damaging when cleaning chrome, powder coated and anodised rims.

CONTAINER SIZES

Exterior Dressings

AutoSmart's exterior dressings protect and enhance trims and finishes, offering specialist solutions for plastic, painted, rubber, and vinyl surfaces with options ranging from quick coatings to long-lasting, waterproof protection.

ARMOUR GLOW

AVAILABLE SIZES
5L, 20L, 200L, 1000L

A water-based silicone dressing for interior and exterior trims, containing a pleasant new car fragrance.

- Ideal for application on vinyl and plastic trim, rubber, and tyres.
- Armourglow can be diluted if a softer low sheen finish is required.

ARMOUR PLUS

AVAILABLE SIZES
5L, 20L, 200L, 1000L

Highly concentrated water-based silicone dressing for interior and exterior trims.

- Contains a pleasant berry fragrance.
- Armour Plus is ideal for application on vinyl and plastic trim, rubber, and tyres.
- Highly concentrated, Armour Plus can be used neat or diluted for maximum economy.

CHASSIS BLACK

AVAILABLE SIZES
20L TUB

Chassis Black is a general purpose, high gloss enamel paint.

- Excellent adhesion characteristics.
- Designed for coating chassis rails, wheel arches and underbody on all vehicle types.
- **Silicone Free – Panel Shop Safe.**

DASH DANDY

AVAILABLE SIZES
AERESOL

An aerosol dressing which applies a clear, touch dry finish on interior and exterior trims.

- Particularly popular in the motorcycle industry.
- Dash Dandy is ideal for application on grills, vinyl and plastic trim and powder coated finishes.
- Touch dry will not gather dust.

EASY SHEEN

AVAILABLE SIZES
5L, 20L, 200L, 1000L

Solvent based silicone dressing for application on exterior trims.

- Dressing for rubber, tyres, plastics, and vinyl.
- Easy Sheen is long lasting, producing a high gloss finish.

ENGINE & TYRE DRESSING

AVAILABLE SIZES
5L, 20L, 200L, 1000L

Long-life engine and tyre lacquer dressing which leaves a permanent dry touch finish.

- Ideal for application on vinyl and plastic trim, rubber, and tyres.
- Effective on powder coated finishes and faded enamel paintwork on industrial machinery.
- Engine and Tyre Dressing is non-yellowing and is oil, heat, and weather resistant.
- Dresses all engine and mechanical componentry.
- **Silicone Free – Panel Shop Safe.**

FINISH

AVAILABLE SIZES
5L, 20L, 200L, 1000L

Water-based silicone dressing for interior and exterior trims.

- Contains a pleasant berry fragrance.
- Finish is ideal for application vinyl and plastic trim, rubber, and tyres.
- Finish leaves a softer low sheen finish when compared with Amour Plus and Armourglow.

GLOW PLUS

AVAILABLE SIZES
5L, 20L, 200L, 1000L

Concentrated water-based silicone dressing for interior and exterior trims.

- Glow Plus is ideal for application on vinyl and plastic trim, rubber, and tyres.
- Concentrated, Glow Plus can be used neat or diluted for maximum economy.

HIGH-STYLE NON-SILICONE

AVAILABLE SIZES
5L, 20L, 200L, 1000L

Solvent based non-silicone dressing for application on exterior trims.

- High-Style Non-Silicone leaves a long-lasting high gloss, weather resistant finish.
- Suitable for dressing rubber, tyres, plastics, and vinyl.
- **Silicone Free – Panel Shop Safe.**

PURE SHINE

AVAILABLE SIZES
5L, 20L, 200L, 1000L

Non-silicone, water-based, gel style exterior rubber and plastics dressing.

- Cleans and restores all rubber and trims to an “as new” appearance.
- Suitable for dressing rubber, tyres, plastics and vinyl.
- **Silicone Free – Panel Shop Safe.**

QUICK SHINE

AVAILABLE SIZES
5L, 20L, 200L, 1000L

Solvent based silicone dressing for application on exterior trims.

- Dressing for rubber, tyres, plastics and vinyl.
- Quick Shine produces a medium sheen finish.
- Reduces silicone flicking.

RUBBER DRESSING

AVAILABLE SIZES
5L, 20L, 200L, 1000L

Water-based non-silicone high gloss dressing which both cleans and restores interior and exterior trims.

- Ideal for application on vinyl and plastic trim, rubbers and tyres.
- Rubber Dressing is silicone-free, and panel shop safe.
- **Silicone Free – Panel Shop Safe.**

SHINE ON

AVAILABLE SIZES
5L, 20L, 200L, 1000L

“Non-silicone Armourglow,” Shine On is a water-based non-silicone dressing for interior and exterior trims.

- Contains a pleasant new car fragrance.
- Ideal for application on vinyl and plastic trim, rubber and tyres.
- Shine On can be diluted if a softer low sheen finish is required.
- **Silicone Free – Panel Shop Safe.**

SILICONE SPRAY

AVAILABLE SIZES
AEROSOL

Aerosol dressing for rejuvenating vinyl, rubbers, and plastic trims.

- Applies a medium to high gloss shine.
- Silicone Spray is available in berry, starburst and bubble gum fragrances.

STARDUST

AVAILABLE SIZES
AEROSOL

Aerosol polish and dressing, ideal for paintwork, stainless steel, chrome, glass and wood laminates.

- Particularly popular in the motorcycle and caravan industry.
- Excellent for quickly removing fingerprints and blemishes.
- Brilliant fast wax cleaner for motorcycles and showroom vehicles.

TRIM ULTRA

AVAILABLE SIZES
1L, 5L, 20L, 200L

Long-lasting plastic, vinyl and rubber dressing containing curing polymers.

- Trim Ultra instantly rejuvenates exterior trims.
- Non-sticky, long-lasting, as new look finish on plastic, vinyl, and powder coated surfaces.
- Easy to apply, spreads easily.
- **Silicone Free – Panel Shop Safe.**

TRIM SHINE

AVAILABLE SIZES
500ML, 1L, 5L, 20L

Thick silicone-based gel style dressing for application on exterior plastic trims and tyres.

- Trim Shine is long lasting, weather resistant and resistant to wash off.
- Highly concentrated.
