**BLAST
RUBY**

ODOUR ELIMINATOR

Blast Odour Eliminator is pleasantly fragranced and contains a silver biocide.

- Actively binds to the cell walls of bacteria, destroying and killing the odour causing bacteria.
- Odour Eliminator applies a coating of silver biocide within the vehicle which directly prevents bacteria regrowth.

13.2

Sanitisers

BIO BLAST

A sprayable disinfectant and sanitiser in a convenient aerosol form.

- High discharge nozzle creates a fogging effect.
- Triple action formula contains three powerful biocides proven effective against a wide range of pathogens, including enveloped viruses such as COVID-19.
- Fortified with nano silver particles to leave surfaces with a protective biostatic film.

BIO FOGGER

Bio Fogger is a convenient, one-shot total release solution to sanitise vehicle interiors and enclosed spaces quickly and easily.

- Triple action formula contains three powerful biocides proven effective against a wide range of pathogens including enveloped viruses such as COVID-19.
- Fortified with nano silver particles to leave surfaces with a protective biostatic film.
- Total Release nozzle design for fast use.

BIO SPRAY

A sprayable disinfectant and sanitiser in a convenient aerosol form.

- Triple action formula contains three powerful biocides proven effective against a wide range of pathogens including enveloped viruses such as COVID-19.
- Fortified with nano silver particles to leave surfaces with a protective biostatic film.

13.3

Paint

CARPET GREY

Spirit based carpet dye.

- Quickly covers blemishes and restores an “as new” appearance to vehicle carpets and matts.
- Carpet Grey is a dye that maintains the consistency of the fabric fibre.

GLOSS BLACK

Non-cellulose paint, suitable for metal and plastics.

- Covers in just one coat and dries quickly to give a smooth, even finish.
- Resistant to heat and oil.

GREY PRIMER

Non-cellulose paint, suitable for metal and plastics.

- Covers in just one coat and dries quickly to give a smooth, even finish.
- Resistant to heat and oil.

MATT BLACK

Non-cellulose paint, suitable for metal and plastics.

- Covers in just one coat and dries quickly to give a smooth, even finish.
- Resistant to heat and oil.

SATIN BLACK

Non-cellulose paint, suitable for metal and plastics.

- Covers in just one coat and dries quickly to give a smooth, even finish.
- Resistant to heat and oil.

SILVER ALLOY

Non-cellulose paint, suitable for metal and plastics.

- Covers in just one coat and dries quickly to give a smooth, even finish.
- Resistant to heat and oil.

SILVER KING

Non-cellulose paint, suitable for metal and plastics.

- Covers in just one coat and dries quickly to give a smooth, even finish.
- Resistant to heat and oil.

ZIC GALVA U60

A zinc primer coating which prevents corrosion of newly welded fittings.

- Extremely durable and heat resistant.
- Ideal for chassis' modification or repairs.
- Quick and easy to apply.

13.4

Dressings

DASH DANDY

An aerosol dressing, which applies a clear dry finish for that original showroom look.

- Contains plasticiser to maintain the suppleness of vinyl dashboards and trim.
- Ideal for use around delicate electronic devices like touch screens.

SILICONE SPRAY BUBBLE GUM

An aerosol dressing for rejuvenating vinyl, rubbers, and plastic trims to a high gloss shine.

- Reconditions and protects dashboards, grilles, bumpers, spoilers, and all trim.
- Silicone Spray is available in berry, starburst, and bubble gum fragrances.

SILICONE SPRAY BERRY

An aerosol dressing for rejuvenating vinyl, rubbers, and plastic trims to a high gloss shine.

- Reconditions and protects dashboards, grilles, bumpers, spoilers, and all trim.
- Silicone Spray is available in berry, starburst, and bubble gum fragrances.

SILICONE SPRAY STARBURST

An aerosol dressing for rejuvenating vinyl, rubbers, and plastic trims to a high gloss shine.

- Reconditions and protects dashboards, grilles, bumpers, spoilers, and all trim.
- Silicone Spray is available in berry, starburst, and bubble gum fragrances.

SMART DASH

A silicone-free aerosol dressing, which applies a clear dry finish for that original showroom look.

- Contains plasticiser to maintain the suppleness of vinyl dashboards and trim.
- Ideal for use around delicate electronic devices like touch screens.
- Smart Dash is ideal for use in paint and panel shops.
- **Silicone Free – Panel Shop Safe.**

STARDUST

Aerosol polish and dressing, ideal for paintwork, stainless steel, chrome, glass, and wood laminates.

- Particularly popular in the motorcycle and caravan industries.
- Excellent for quickly removing fingerprints and blemishes.
- Brilliant fast wax cleaner for motorcycles and showroom vehicles.

TYRE DANDY

A high foaming aerosol tyre dressing.

- Convenient, the fastest way to clean and restore colour to tyres.
- Leaves a durable, waterproof high sheen finish.
- Typically, 20-30 tyres from one aerosol.

UNDERSEAL

Bitumen based protective coating.

- Underseal applies a long-lasting protective coating to chassis underbodies.
- Resistant to water, stone chips and prevents rust.
- Covers in one coat with a textured finish.

13.5

Lubricants

COPPER HI-TEMP

Aerosol-based temperature resistant grease containing a high level of copper.

- Copper Hi Temp can be used to prevent bolts from seizing and used as a lube where elevated temperatures are experienced.
- Ideal for wheel stud lubrication, spark plug threads, brake calliper slides, brake adjusters and all exhaust and turbo work.
- Protects to +800°C.

LUBRICE

A long-lasting, anti-fling spray grease lubricant with PTFE.

- Lubrice penetrates like an oil and sets like a grease protecting against corrosion.
- Ideal for clutch and brake cables, chains, check straps, wire ropes, bearings, hinges, and lock mechanisms.
- Produces a high lubricity film with excellent anti-fling properties.
- Brilliant for loosening corroded bolts and fittings.

MECHOIL

Mechoil is general purpose penetrating and release agent.

- Lubricates and penetrates, breaking rust bonds whilst protecting against corrosion.
- Ideal for loosening chemical thread locking compounds.
- Acts as a moisture dispersant for all electrical switchgear.
- Excellent metal cutting fluid for thread tapping, drilling, and broaching, and an effective lubricant for motorcycle, bicycle, and other chains.

MECHOIL PLUS

Mechoil Plus is general purpose penetrating and release agent.

- Lubricates and penetrates, breaking rust bonds whilst protecting against corrosion.
- Mechoil Plus is ideal for loosening chemical thread locking compounds.
- Acts as a moisture dispersant for all electrical switchgear.
- Excellent metal cutting fluid for thread tapping, drilling, and broaching, and an effective lubricant for motorcycle, bicycle, and other chains.

MULTILUBE

Non-cellulose paint, suitable for metal and plastics.

- Covers in just one coat and dries quickly to give a smooth, even finish.
- Resistant to heat and oil.

SILICONE LUBRICANT

An effective lubricant for rubbers and plastics.

- Used for all-round lubrication of hinges, window channels, winding mechanisms, steering columns, and rubber bushes.
- Useful for eliminating dashboard squeaks.
- Anti-static & nonstaining, Silicone Lubricant lubricates & protects plastics, vinyl, and prevents rubber seals from sticking.

WHITE GREASE

A premium grease lubricant that is clean and effective maintenance grease.

- Excellent for hinges, catches and for parts that are being reassembled.
- Non drip with excellent adhesion.
- Use on D-shackles, suspension components, chains, linkages, bearings, cams, runners & cables.

13.6

Workshop

B.C. E.

Hydrocarbon cleaner rapidly removes dirt, oil, and grease from brakes, clutches and electrics.

- Evaporates completely after use.
- BCE is ideally used as a residue free electrical contact cleaner.

FUEL INJECTION SYSTEM CLEANER

Carburetor and injection system cleaner.

- Removes varnish and gum residues.
- Improves running efficiency and fuel economy without dismantling.
- Approved for use with catalytic converters and turbo chargers.

PLUS 10

A high strength hydrocarbon solvent-based degreaser.

- Removal of heavy oil and grease deposits from engine bays and mechanical componentry.
- Plus 10 is fast and does not require rinsing, evaporating quickly.
- Plus 10 contains rust inhibitors and will not affect painted surfaces or rubbers.

13.7

Cleaning & Protection

20/20 CLEAR

Non-foaming aerosol glass cleaner.

- 20/20 penetrates and lifts contaminants.
- Dissolves road film, insect smear, tobacco & general glass haze.
- 20/20 is convenient and fast, giving clean smear-free results.

20/20 CRYSTAL

Foaming aerosol glass cleaner.

- 20/20 foam penetrates and lifts contaminants.
- Dissolves road film, insect smear, tobacco & general glass haze.
- 20/20 is convenient and fast, giving clean smear-free results.

BRISK

Dry foam upholstery and fabric cleaner.

- Brisk Removes dirt and grime without over wetting.
- Optimised formulation cleans and conditions fabric.
- Reduces malodours.

DE-ICER

De-icer for windscreens and locks.

- Melts ice and snow in conditions down to -20°C.
- Prevents screen re-freeze.

H. D. IMPACT ADHESIVE

Fast and effective high strength adhesive.

- Produces a strong long-lasting bond on a wide range of surfaces including plastics, metal, glass rubber, leather and wood.

JELSOL

Chewing gum, label, and graffiti remover.

- Quickly removes chewing gum, labels and graffiti from fabric and vinyl upholstery, floors and walls.

PAINT PROTECTOR

Coats paintwork with an invisible second skin, protecting it against the elements.

- Silver Seal Paint Protection uses advanced polymer technology to create a hard-wearing seal.
- Protects paintwork from the effects of rain, sunlight, ice and snow.

UPHOLSTERY PROTECTOR

Silver Seal Upholstery Protection aerosol is a waterproof protective barrier for fabrics and upholstery.

- A high-performance interior protection system.
- Waterproofs and protects from accidental spills from coffee and beverages.
- Contaminants bead off the material preventing soiling and staining.
